People below poverty line in the Districts of U.P.

1290. DR. MOHD. HASHIM KIDWAI: Will the PRIME MINISTER be pleased to state:

(a) the number of persons identified living below the poverty line in each district of Uttar Pradesh at the close of the Sixth Five Year Plan;

(b) the number of persons brought above poverty line in each district of Uttar Pradesh during the first two years of the Seventh Five Year Plan; and

(c) the number of persons still below the poverty line in each district of Uttar Pradesh?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI SUKH RAM): (a) to (c) Poverty estimates worked out by the Planning Commission are based on the results of the quinquennial Household Consumer Expenditure Surveys conducted by the National Sample Survey Organisation (NSSO).

As the results of such surveys are available only at State level and not at the level of districts, estimates of poverty are accordingly worked out by the Planning Commission for the years relating to the Surveys, only at State level and not at district level. It is, therefore, not possible to indicate for each district of Uttar Pradesh, the number of persons living below the poverty line and those brought above poverty line during the Sixth Plan and the first two years of the Seventh Plan. However, based on the latest survey on Household Consumer Expenditure conducted by the NSSO in their 38th Round (1983), the Planning Commission has worked out Statewise estimates of poverty for 1983-84. As per this exercise, the number of persons living below the poverty line in Uttar Pradesh in 1983-84 was estmated at 530.6 lakhs.
